Hi Dave,

Ginny Portner told me you could do this...anyways could you please run a search of **SEQ ID NO:12 from 10/625,221 against application 08/304,732?** I am trying to see if a sequence that is at least 99% similar was present in this prior case for prior art purposes. If you can't do this please let me know and I will forward the request elsewhere.

Thanks so much!
